

## Machine description

Ref.no. 1372

Manufacturer: H. Machining centre Huller Hille nb-hp150

Manufact. year: 1994

Machine no. 15490

### Tekniska data

|                                                               |                                                     |
|---------------------------------------------------------------|-----------------------------------------------------|
| Pallet length (mm):                                           | Indexing 4.th axes (°):                             |
| Pallet width (mm):                                            | Spindle speed (rpm): 25-4500                        |
| Longitudal movement, X (mm): 800                              | Spindel tape (type/size): A50                       |
| Cross movement, Y (mm): 630                                   | Motor power (kW): 30                                |
| Vertical movement, Z (mm): 630                                | Total power requirement (kW): 80kva                 |
| Tool changer (type/number of tools): Magasinkasett 48 platser | Feeds X/Y/Z (mm/min): 1-10000                       |
| Pallet changer APC                                            | Rapid traverse (m/min): 15000                       |
| (type/number): Bosch CC300M                                   | Machine measurement (LxWxH mm): Platsbehov 5,2x6,3m |
| Control System                                                |                                                     |
| /manufacturer/model):                                         |                                                     |
